

**Canadian Society for Senior Engineers
Canadian Society for Engineering Management
Member Societies of the Engineering Institute of Canada**

FALL - WINTER 2009/10 PROGRAMME

TO ALL MEMBERS Vancouver Branch

We invite you to take part in the following monthly Luncheon Meetings held under the auspices of the Vancouver branches of the **CANADIAN SOCIETY for SENIOR ENGINEERS**, and the **CANADIAN SOCIETY for ENGINEERING MANAGEMENT** - both being Member Societies of the **ENGINEERING INSTITUTE OF CANADA**, a National Federation of Member and Associate Societies including the CSEM, CSCE, CSME, CGS, CMBES, CSChE, CSECE, CNS, IEEE (Canada), CSSE, CDA, plus 56 Associate Industrial Societies. All members of the Member Societies of the EIC and members of the **APEGBC** are cordially invited. Guests are most welcome. Reservations are required.

We are sorry for the delay in mailing you this Luncheon Schedule and we had to use e-mail for giving you the October luncheon details. Please note that this schedule includes the notice of the January 7th luncheon. Please be sure that you have given Sharon your e-mail address so that we can better make you aware of schedule changes.

WHERE: The Sutton Place Hotel 845 Burrard Street, Vancouver, B.C.

TIME: Assemble at 11:30 am; Lunch at 12:05; Speaker at 12:35; Finish at ~1:30 pm

COST: EIC and APEGBC members: \$39.00 Cash or cheque (no credit or debit cards)
Non members: \$45.00 Tax included. Guests welcome.

RESERVATIONS: Gordon Lindsay: 604-731-4509 ** before Tuesdays at 12pm **
Sharon Finnerty: 604-888-4429 or E-mail: finnerty@telus.net

- **NOTE:** If you reserve and have to cancel, **please let us know!!** We are committed to catering ordered by Tuesdays at 12:00 noon. Unfortunately any 'no shows' necessitate an extra hotel charge!

Contacts:	Aidan Gordon CSEM	(604) 324-2441	E-mail: aidan@gordoncrane.com
	John Bruce, P.Eng. CSSE	(604) 633-1288	E-mail: jmnbruce@telus.net
	Gordon Lindsay, P.Eng. CSSE	(604) 731-4509	E-mail: cgordon_lindsay@telus.net
	Michael Quick, P.Eng. CSSE	(604) 224-8895	E-mail: mcquick@telus.net
	John Wood, P.Eng. President CSEM		E-mail: woodjohn@telus.net

REMINDER: In order to support branch efforts to keep Members and guests informed of coming activities (mail & phone reminders), I enclose my annual \$20.00 donation for the local CSSE/CSEM - EIC Luncheon Programme. Please make cheques payable to **EIC Vancouver Branch**. Bring your cheque along with this slip to our next luncheon or mail to: EIC, Gordon Lindsay, P.Eng., FEIC at 2026 West 14th Avenue, Vancouver, BC V6J 2K4.

FALL - WINTER 2009/10 PROGRAMME - Page 2

**NOVEMBER 05, 2009 FALSE CREEK COMMUNITY ENERGY CENTRE
Ray Tarnal, P.Eng., Sandwell Engineering Inc.**

The False Creek Community Energy Centre, located at the south end of Cambie Bridge, is an environmentally friendly Neighbourhood Energy Utility that will deliver hot water for space heating and domestic hot water to a number of buildings located within the Southeast False Creek (Olympic Village) area. The facility will be the first in North America to utilize municipal wastewater and heat pump technology as the primary heat source, supplemented with natural gas fired boilers. Ray will speak about the engineering, architecture, public art, landscaping and sustainability issues involved in developing a solution that is appealing to the general public from both an environmental and aesthetic perspective.

**DECEMBER 03, 2009 CANAPORT - SAINT JOHN, NEW BRUNSWICK
Neal D. Coffin, P.Eng., Sandwell Engineering Inc.**

Canaport LNG is constructing a state-of-the-art liquefied natural gas (LNG) receiving and regasification terminal in Saint John, New Brunswick. The facility will be the first LNG regasification plant in Canada and will supply natural gas to Canadian and American markets. The initial send-out capacity (the ability to distribute via pipeline) will be 28 million cubic meters (1.2 billion cubic feet) of natural gas per day. Canaport LNG is proud to bring safe, clean energy to the Saint John community and beyond. They are also proud to employ a local workforce and contract to local companies to contribute to the continued economic development of the community. The talk will be on the design and construction of the Marine Terminal.

**JANUARY 07, 2010 THE PRICELESS GIFT - CALGARY '88 OLYMPIC WINTER GAMES
Frank King, P.Eng., Chairman and CEO, OCO '88**

Frank King is best known in sports and community circles as the Chairman and CEO of the "best-ever Olympic Winter Games". The unprecedented financial success of the Calgary '88 Olympic Games has resulted in a permanent legacy of sports facilities, funding and people all dedicated to the development of young Canadian athletes. Among his many awards and accolades, Frank was named as an Officer of the Order of Canada and is a recipient of the International Olympic Committee's Gold Olympic Order. Frank's presentation will address the project and engineering management challenges he faced in achieving the unprecedented financial and volunteer success of the Calgary '88 Olympic Games.

There will be no February Luncheon due to the Olympic schedule. For our March Luncheon we are hoping to have Robert Allen address us on Tug Design for the oil businesses around the world; and for the April Luncheon possibly Penny Cochrane of Willis Energy, speaking on the IPP industry and the recent controversy over the BCUC decision on BC Hydro's Long Term Acquisition Plan and the government's response in the Throne Speech. This deals with BC Hydro's ability to buy power from the IPP industry and with respect to the future use of Burrard Thermal.

**** OUR LUNCHEON ATTENDANCE NUMBERS ARE STILL LOW ****

**** PLEASE SHOW YOUR SUPPORT - BRING A FRIEND, GUEST, COLLEAGUE OR NEW MEMBER ****
